

# The Visual Guide to... DevOps & SRE v1.0

All aboard! Brought to you by **TUTORIAL WORKS**

## TECHNICAL FOUNDATIONS

## ESSENTIAL SKILLS

### SCRIPTING / AUTOMATION

Always be scripting. Eliminate those manual activities!

### SECURITY

Build security into everything you do.

### CONTINUOUS LEARNING

Learn, continuously. :-). Be genuinely curious about new things.

### COLLABORATION

DevOps is about working with others. Share and communicate.
